

# Presentation Guidelines for ICORIA 2010 Madrid

Dear ICORIA Presenter,

Since we usually have four presenters in a 90-minute session, you should spend 15 minutes plus 5 minutes for questions and discussion. In this way, we can ensure that there is enough time for the remaining presenters.

You do not need to bring your own laptop. It would be strongly advisable that you save your presentation in a USB memory stick. **Please format your presentation in PowerPoint 2003** (NOT PowerPoint 2007). If you need any special audio setting, please let us know at least one week before your presentation.

Should you have any further question or doubt, please do not hesitate to contact us at:  
[icoria2010@gmail.com](mailto:icoria2010@gmail.com)

We are looking forward to welcoming you in Madrid!

Kind regards,
